

Full-Stack Web Developer

Neeraj Singh

I believe that a web application is the best way to interact with the whole world. A web application can provide a native user experience and can be accessed by any device within a few seconds.

Brief Introduction

I am a self-learner and a fresher, skilled with HTML5, CSS3, JavaScript, MERN stack, and Figma. I love to design and develop web applications that can provide the best user-friendly experience and features to the user. I believe that a web app can give the best native experience to users and rich any device in the world.

I am a resident of Udhampur, Jammu & Kashmir, India. Currently, pursuing my B.tech degree in Computer Science Engineering from Technology Education and Research Integrated Institutions under Kurukshetra University.

I am a nature lover and do nature photography as a hobby.
